

NO RESPONSE FROM GOVERNMENT TODAY, MEMBERSHIP MOBILIZING REMAINS KEY

Your Centralized bargaining team continues to be present and ready to negotiate with the employer at a moment's notice. We waited the entire day for the employer to respond. While waiting for their response we used our time to continue preparing for the upcoming province-wide strike votes.

Late this afternoon, the Finance and Treasury Board, representing government, informed our team that they remain in talks with their "Principal", which we believe is Premier Higgs and the provincial cabinet. They also informed us that they will not be responding to our team today.

We need to keep the lines of communication with our fellow co-workers open – share these updates in the workplace. Collective action is our power.

In Solidarity,

The CUPE Centralized Bargaining Team

- *Chris Curran, Local 1251 President (Part I)*
- *Shawna Morton, Local 1418 President (Part I)*
- *Pierre Bourgeois, Local 5017 President (Part IV – Observer)*
